Subject: AVX Phase III Letter

Hi Ginny,

I am attaching the draft of the Phase III letter. We recognize that there are some stylistic issues, typos, format issues, and other technical questions we need to iron out, but for the sake of time, we wanted to make sure EPA has a chance to review. We don't expect that additional future changes to this letter will result in drastic changes to the version you are receiving.

I am attaching the Word version of the document, so please feel free to use the Review tool. It will make it easier for us to review EPA's comments.

Thanks,

Angela Gallagher
